# INTRODUCTION

The village had a problem that could be solved by getting a Special Thing from Nyame the Sky God. Nyame was the only one who had this Special Thing. The people complained but no one was brave enough or willing or able to go to Nyame and try to ask for it.

A large rectangular area with horizontal lines for writing, framed by a decorative border featuring giraffes, insects, and animals.

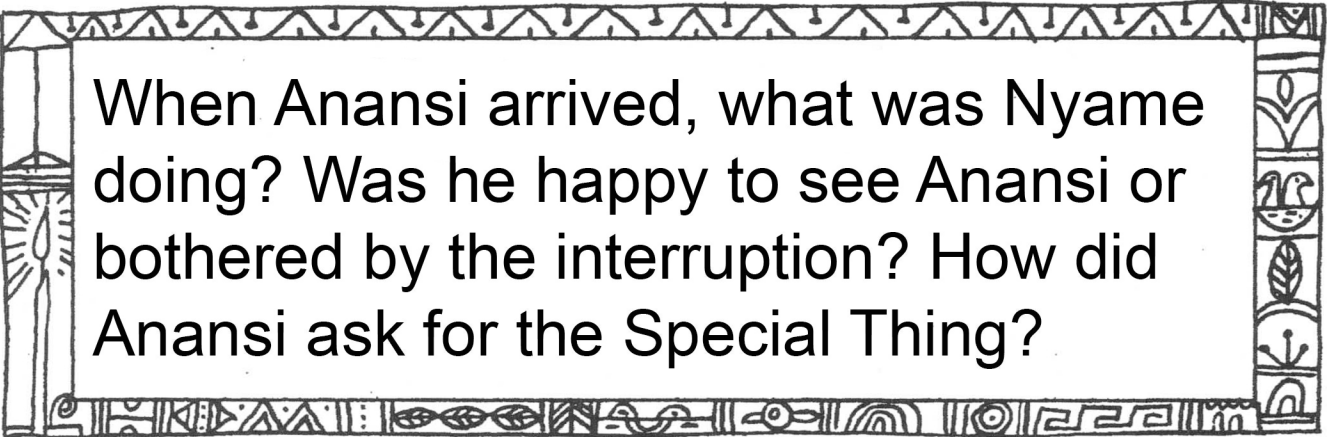

# Anansi Volunteers

Anansi decided to go to Nyame. Did they ask him or did he just decide to go? Describe Anansi traveling to Nyame's home.

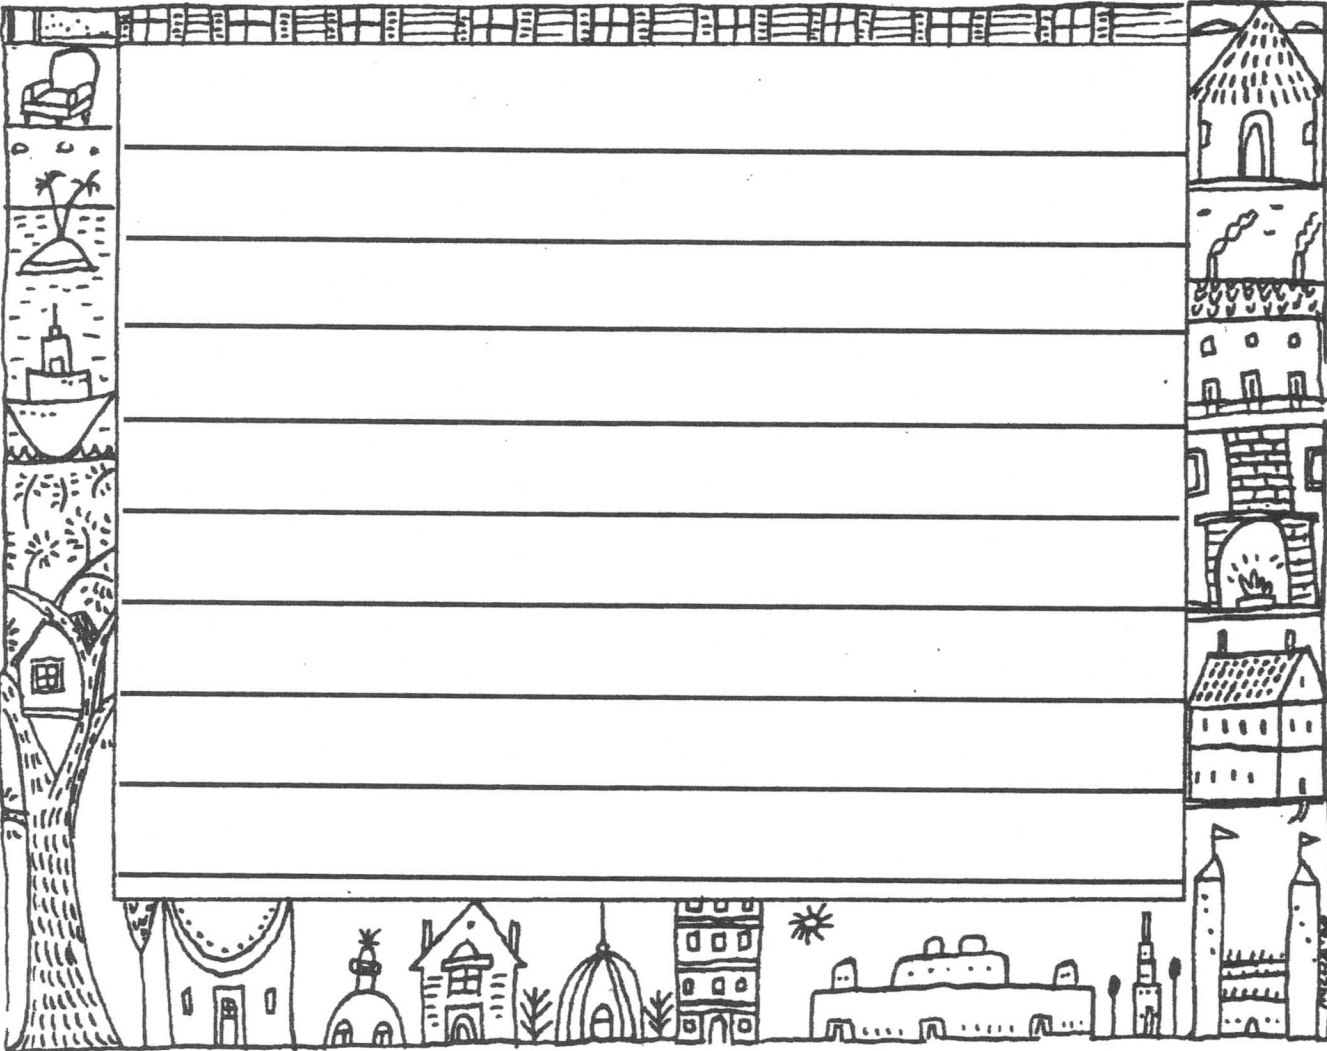

A large writing area with seven horizontal lines. The border is highly decorative, featuring a top row of symbols, a left side with a crocodile and spiders, a right side with a dinosaur and a bird, and a bottom side with a dog, a tiger, a woman's face, and a snake. The signature 'MHEKA '00' is in the bottom right corner.

# Arrival

When Anansi arrived, what was Nyame doing? Was he happy to see Anansi or bothered by the interruption? How did Anansi ask for the Special Thing?
